Ugandan kids get priceless gift –water!

Imagine if you had to send your children to the mud hole shown above to fetch water for all the needs of your family. Imagine if you had to wait in line, because all the families of your village were in the same predicament.

John Rouster & Ralph Gerold, along with ECM staff & village volunteers, had the privilege of changing that scenario for two villages of N Uganda. Like almost everything else in N Uganda, their wells had been destroyed in the 20-year guerilla war that Joseph Kony & his LRA fighters waged in N Uganda.

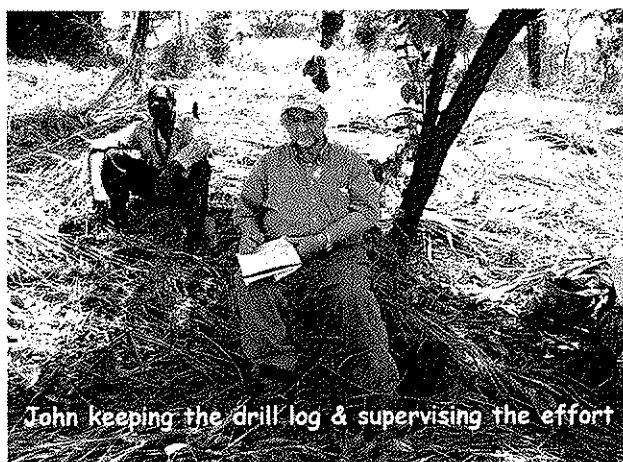

Now, through the team's efforts and your generosity, children & their families are enjoying a priceless gift -- clean water!

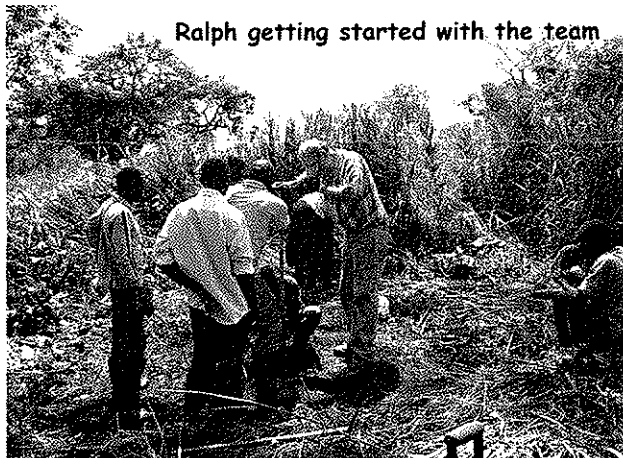

Putting down the pipe

Full version with more explanatory text available by email. Send request to Monica@ecmafrica.org

Children who will drink from the first well we drilled at Bimonya B village

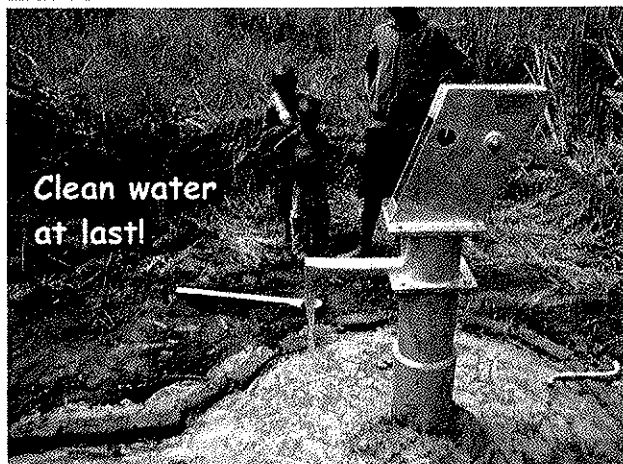

John keeping the drill log & supervising the effort

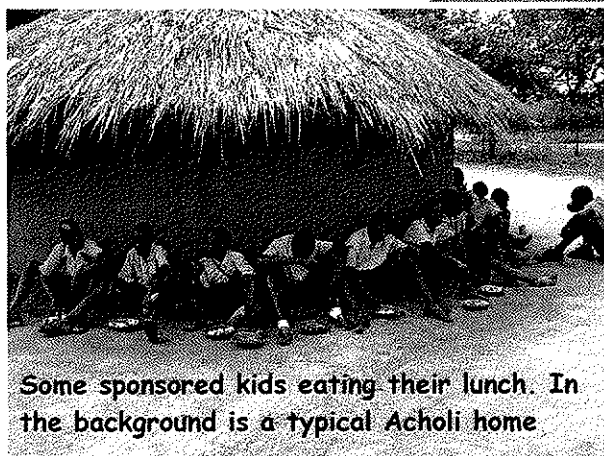

Ralph getting started with the team

Ralph supervising the drilling

Clean water at last!

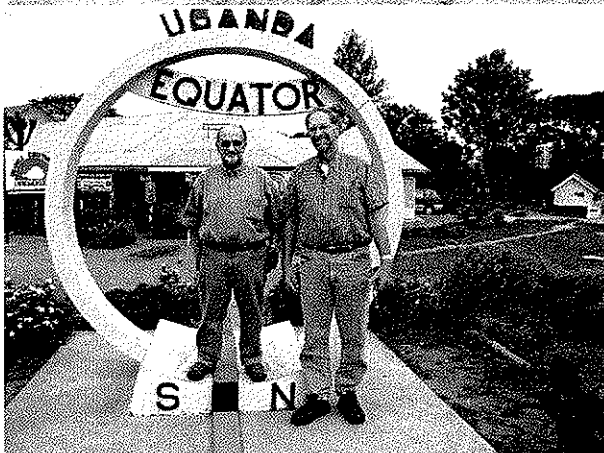

Some sponsored kids eating their lunch. In the background is a typical Acholi home

Ministry funds have dropped off over the summer. Pray for funds urgently needed now.

THANK YOU, dear partners!
