## Dear Pastor and Church Family

It is a joy to serve the Lord this year, and we are excited about new ministries and opportunities the Lord has for us as we continue to pursue His call and fulfill His purpose in our lives.

We ended the year 2023 with our gift-giving to the children up north in Chiang Dao, where we also invited the community to hear the preaching of God's Word. We praise the Lord for 29 souls saved. Since the beginning of this year, we had 56 souls who made professions of faith to our Lord Jesus Christ, and 11 of them obeyed the Lord in water baptism. It is good to see new believers in the ministry and an encouragement to see them grow in their faith and continue serving the Lord.

Children's Ministry

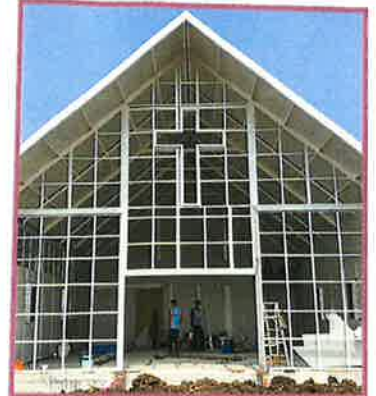

Baptism and Soul-Winning

After some obstacles with the building permit and the weather conditions, our building project in Lopburi finally began. It is about 70% with the completion of the building, and we are hoping that by next month, we can have our first Sunday service there.

Tata and Neem

Building Project in Lopburi

We heed your prayers for these teenagers, Tata and Neem. They are 14 years old and are abandoned children. They have been living their lives with no hope. We shared the Gospel with them, and they both accepted Jesus Christ. Please pray that by the power of the Holy Spirit and the Scriptures, they will be renewed and transformed according to the perfect will of God.

We thank the Lord for His faithfulness to our family. We are all doing well by God's grace. Our twins ended the school year this month and are on summer break. We praise God that they did well this school year and received awards for their accomplishments.

Thank you for holding the rope for us through prayers and support. We truly appreciate your partnership with the ministry in Thailand. God bless you.

In His service,

**Ronald Gutlay**
