## A Word from our Nationals

Pastor Samwel (Oyora, Rongo)

March 2024

Most people like what we did (Medical Clinics) and the service led many to Christ. Most people are asking when the next Medical Clinic is going to be. I've already started a Bible Study and it's been on for 2 Sundays now. The first Sunday we had 11 new people come, and the second Sunday there were 17 people. I have been following up with those that came to the medical clinics twice a week and have been going from door to door where I can reach on foot. My prayer is to start a church from those we have reached through the medical clinics and a church building or place where we physically meet, to have another medical clinic.

Pastor Jacob (Nyandago, Migori)

People were very happy with the medical clinics but even more so they were happy in how they were being led to Christ, they are most appreciative.

Pastor Wycliffe (Bongu, Nthiwa)

Praise God.

Am glad to present to you that since the clinic which took place in Bongu, 8 people have joined the church. The area chief came to church last Sunday to pass his appreciation of the good vision that our church has for reaching the community both spiritually and physically( health). The church also has obtained good connection or relationship with the government.

Finally the entire community has given a pat on the back of our church for being transparent and not bias during treatment. Several calls have reported to me through my contact in the tract that the treatment helped them and they got healed.

We thank God for everything which took place.
