Dear Mr. Jones.

P.S. for some reason this SHU has NO Bibles, if you can send me one, so I can help some of these brothers change there life here in SHU. Thank you, I'd really be greatfull!

Its amazing to hear from you guys after all these years. Its a merical to me because the day that you sent this study to me, was the day I was put in the hole. Im in SHU right now and was just talking to my neighbor about bitterness and how he needs to let go of all the past to be able to enjoy his future. That night I sat in the dark and was thinking about Rock of Ages and how now would be the best time if any to get back to my studys, and lo and behold you found me. God is speakin loud & clear and I thank you for being God's voice to help me get back on track. God Bless You Always.
