

So many times I write to my supporters that I appreciate your prayers.

Today in this email I don't want to be so repetitious but God was moving again in our lives today in Indianapolis and I knew my readers and followers were praying.

Those Are Bibles Let Them In!

Today, August 28, 2019, the Vice President of the United States was visiting with the American Legion and the security was very tight. The reason the title of this email is "THOSE ARE BIBLES LET THEM IN" is because everyone was being stopped and searched before they could get inside the convention center.

As we approached the Secret Service gates, I am carrying & pulling 400 packets, a big table plus a big banner...and so here we all go, trying to get through this inspection so we can get into the convention area.

When we approached the gate I had two buggies that I was pulling through the hallways to the main area and while I was walking another Veteran walked alongside of me and asked if he could pull one of the buggies for me.

Okay, so now we have four men, the Veteran stranger that came alongside to help, me pulling a buggy full of packets and two laborer that came from the church that I'm staying in. All to help the mission. And each of them have boxes of packets to get through this inspection.

You can imagine what is going through my mind as the Secret Service man wants to see

what is in my boxes.

This might not mean much to some of my readers, but what you should know first, is that attendees are required to have a paid pass from the American Legion to get past the gate. I have no paid pass and I'm bringing in the most explosive piece of Literature you could ever share with another human being, **THE GOSPEL MESSAGE! But God! --the guards at the gate made sure it **ALL** got inside the convention area. It is so exciting to work for the Lord and watch Him take charge of situations. Someone told me one time that God is always on time and has His perfect time to show up.**

When I told the inspector what was in the boxes, he turns to the other Secret Service Police Officers and says, "THOSE ARE BIBLES IN THE BOXES, LET THEM IN."

Thank you for praying and if you would please continue to pray about the right vehicle to purchase now that I'm no longer going to drive the motorcoach and pull the car around the country to deliver the packets. We still want to get the packets to the churches for Veterans Day so we will need a vehicle that can be used for that purpose.

**In Christ by His Grace,
Brother Patrick
Psalm 35:27**
